air conditioning and ventilation

RISK ASSESMENT & METHOD STATEMENT

UK COOL AND HEAT LTD , Alton Works, Harwood Rd,
Heaton Mersey, Stockport, SA4 3AW

PROJECT	
SITE ADDRESS:	
DATE OF WORKS:	
DESCRIPTION OF ACTIVITY/METHOD	Installing new Air Conditioning Units Involves: •
HOT WORKS - PERMIT REQUIRED?	☐ YES ☐ NO ☐ N/A
SUPERVISION AND PERSONNEL	• Andrew Alison- 07540 33331112 • Peter WIlson - 07945 443321 • Paul Manning -
TRAINING	All operatives are adequately trained to carry out required tasks. All site operatives hold current certification and have the following training: • CSCS certification • F-Gas certification • Pasma qulification certification • IPAF certification • Working at heights training

FIRST AID	Refer to the onsite safety notice board for all first aid information. A first aid box with enough equipment to cope with the number of workers on site should be provided for by the client or principal contractor. The client or principal contractor should nominate an appointed person to take care of first-aid arrangements. The number of appointed first aiders shall be dependent on the number of employees.

EMERGENCY PROCEDURES	The client or principal contractor will ensure that the existing site emergency procedures are followed and that relevant information is given to operatives at time of induction or when changes are made to procedures. The closest hospital is:

LEGISLATION	● Health and Safety Work Act 1974 ● The Management of Health and Safety at Work Regulations 2006 ● Workplace (Health, Safety and Welfare) Regulations 1992 ● The Control of Asbestos Regulations 2012 ● Provision and Use of Work Equipment Regulations (PUWER) 1998 ● Control of Substances Hazardous to Health Regulations 2002 ● The Work at Height Regulations 2005 ● The Personal Protective Equipment at Work Regulations 2002 ● The Manual Handling Operations Regulations 1992 ● The Construction (Design and Management) Regulations 2015 ● Electricity at Work Regulations 1989 ● The Pressure Systems Safety Regulations 2000 ● Pressure Equipment Regulations 1999 (SI 1999/2001)

WORKING AT HEIGHT	When working at height, site operatives must ensure that the working area is cleared on a period basis to ensure that there is continually a clear and safe working area to prevent slips trips and falls. Manual handling

PPE REQUIREMENTS	● Hard hats ● Safety boots ● Hi-vis vest ● Safety gloves ● Safety glasses

WELFARE	Welfare arrangements are supplied by the client or principal contractor. These should be in line with Schedule 2 of the Construction Design & Management Regulations 2015 (CDM). All sites are to have a minimum amount of welfare facilities available for workers, which include the following: ● Toilets ● Washing facilities ● Drinking water
